

KABALA

UNAWATUNA

Welcome to Kabala

Why our seafood matters to you.

Every morning, our trusted local fishermen bring in the day's catch
ensuring we take only what we need to serve the freshest, most authentic experience from the very waters you see around you.

We move with the rhythm of the island
the salty breeze, the warmth of the sun, the legacy of slow living.
Our menu reflects that: bold, honest flavors, made with ingredients that haven't traveled far but tell stories that run deep.

No middlemen. No shortcuts.
Just seafood sourced within hours, cooked with soul, and served with a view.

At Kabala, the ocean is our pantry
and you're the reason we do what we do.

Welcome to the table.
Welcome to the experience.
